

How to double your charitable contributions and Win a class ice cream party!

Corporate Capital Campaigns

Earlier this year, the St. Isidore School Foundation (SISF) sent out information about various companies that have annual capital campaign drives. As you remember these capital campaigns allow you to designate SISF as the recipient of funds and in some instances are matched dollar for dollar by your company, based on your participation. United Way is an example of a capital campaign. Your capital campaign donations via many companies like IBM, Microsoft and Chevron will usually direct debited from your paycheck. If you designated SISF as a beneficiary will typically receive a quarterly check from your company matching your contribution to your company's capital campaign.

Corporate Matching Gift Programs

Another vehicle to maximize your charitable contributions to SI is a Matching Gift Program. Corporate matching instantly doubles your charitable donation. Anytime you contribute to the SISF such as during annual school registration, we wanted you to be aware that your giving can be matched by your company instantly. Typically matching gift programs have a yearly maximum.

The St Isidore School Foundation is conducting a survey on how many of our school families utilize matching gift programs.

Please return the enclosed survey with next week's family envelope. The class which has the highest percentage of returned surveys by next week will be eligible to an ice cream party sponsored by the SISF. Even if you don't work for a company with charitable matching programs, please return the survey so your child's class may be eligible for an ice cream party. Thank you.

Family Name: _____

Class teacher name for each child: _____

Company Name	Is a <u>Capital Campaign</u> Program available? (Y/N)	Is SISF the designated recipient of the Capital Campaign matching? (Y/N)	Is a <u>Matching Gift Program</u> available? (Y/N)	Have you used the maximum matching limit for 2007? (Y/N)
